

ONLINE MATCHING SYSTEM – NEWSLETTER MAY 2022

Dear Brothers and Sisters,

Thank you so very much for giving a chance to Online Matching System (OMS) to help you find your Heavenly Spouse. I know that for some of you, it is quite a challenge due to the lack of candidates. I have tried on many occasions to impress on the BFDs of all regions to advertise and ask their singles to use OMS in addition to, not instead of, Blessing4U. It is a secure, useful, and necessary part of the process if one truly wants to find their Heavenly Spouse.

If we are to accomplish the goals we seek, we must use all the tools available to us.

What are the tools available to find one's Heavenly Spouse?

- Parents Matching Convocation – offered several times a year by different regions.
- Matching Supporters virtual meetings – offered several times a year by different regions.
- Matching Sites
 - Blessing4U
 - OMS
- 24+ retreats – virtual and in person

The tools are there. Be aware of them. Stay connected to your BFDs. And, don't miss anything.

We have too many responsibilities, how to do it all?

- **Put it on your calendar**, so you won't forget.
 - In 2020, I created the following image and used it as my desktop image. Meaning, I would see it every time I was on my desktop. It has helped me to stay focused.

FOCUS	DAILY CHECK
Sunday: TribeNet	HDK
Monday: OMS	Emails
Tuesday: BFM	OMS
Wednesday: OMS	BFM
Thursday: Bookkeeping	Personal
Friday: OMS	To Do List
Saturday: BFM	Meetings

The point is do whatever will help you so that the Marriage-Blessing, yours or your child's, will always be present in your weekly schedule of things to care for. Put it on your calendar as a MUST do.

ONLINE MATCHING SYSTEM – NEWSLETTER MAY 2022

I personally have no other goal in mind but to provide you with the best tool possible through OMS and the best guidance I can muster with my work as a Matching Supporter Coordinator.

Though neither the Blessing and Family Ministry (BFM) nor any of the BFDs worldwide support the OMS financially, I would like to recognize the unconditional collaboration that they have given to OMS over the last 10 years because, without it, OMS would not be what it is today.

With that said, OMS relies on the financial support of willing donors like yourself in order to remain operational. Whatever you can donate will be very much appreciated.

I need your constant help to promote OMS so that more and more singles, 1st Gen, BCs, and Affiliates will know about OMS and, therefore, use it. The reason it is not used by all, is because it is not known enough. Use your connections, use your Facebook posts, and other media outlets to make OMS known to everyone.

OMS today, allows the candidate to search selectively according to the following parameters:

<u>Country</u>	<u>Age</u>	<u>Children</u>	<u>WorkStatus</u>	<u>EducationLevel</u>	<u>Group</u>	<u>Height</u>	<u>Weight</u>	<u>Requests</u>
----------------	------------	-----------------	-------------------	-----------------------	--------------	---------------	---------------	-----------------

These parameters can be changed upon request from users. I plan on adding a search in accordance with your HumanMetrics, but that will necessitate programming. At this time, we do not have enough candidates to necessitate this kind of expense. If, each candidate had to read a great # of profiles to find the right one, I would most definitively implement this next feature, but right now it is not necessary.

Your **email** address is **extremely** important on OMS, so just make sure, you either have an email address specifically for OMS or you diligently pay attention to all your emails on a daily basis.

Why is your email address important?

- It is via email that you will be notified if someone is interested to communicate with you, or if someone has sent you an anonymous message
- Emails are sent on a regular basis to you, to make sure that your status is still correct.

Even when the database will carry 10,000 candidates or more, it must stay relevant and accurate and that can only be done if we work together, you, and OMS team to keep the database accurate. So, if you are in communication with someone that you found outside of OMS, don't forget to let us know.
