

ONLINE MATCHING SYSTEM

Dear Everyone,

I think of you. As I work every day looking at my computer screen, a face, a name, comes right in front of me, and I think “What can I do? How can I help?” Providing a venue that will help in the matching process of all Unificationists is the mission to which I felt God called me. I welcome everyone’s emails. Your emails never bother me, I am glad to hear from you on any question, topic or concern. The give and take stimulates my creative mind and helps me continue and improve the service I try to provide.

New “Stuff”:

PayPal: The website has a new look. The PayPal logo is now going to be a constant reminder to all that money is needed to perform the services we provide. Every little bit helps us to serve many members.

Yammer: Several “Private Networks” have been created recently using a company called Yammer. The Yammer interface will be very easy and familiar to many of you because it looks just like FaceBook. One of the directors in Yammer is Sean Parker. If you have watched the movie about FaceBook you will recognize him as one of the people who worked with Mark Zuckerberg to start FaceBook. Yammer is for a different purpose than FaceBook and is private. It is being used by all size companies for the purpose of facilitating better communication between staff members and their collaboration on projects and documents. It also dramatically reduces the multitude of emails that need to be read on a daily basis.

The names of the Yammer private networks I have created under Cheon Il Guk Incorporated are:

- Certified Matching Advisors
- OMS-Gentlemen
- OMS-Ladies

Advisors and candidates: Expect to receive an invitation by email to join one or more of these networks. You do not have to join, it is up to you.

What does it mean to click on “Request Full Profile”:

Requesting the Full Profile for another candidate will trigger the following actions:

1. Your search for other potential candidates will be put on hold. If the request for a Full Profile is not approved for whatever reason, then the search function will be reactivated.
2. Your advisor will receive your request for a Full Profile access and will initiate give-and-take with the advisor of the person for whom you are requesting the Full Profile.
3. Follow up with your advisor to ensure that your request will be handled in a timely fashion.

What should you do before requesting the Full Profile of someone?

You can ask questions of the other candidates. An example of how to go about this is below:

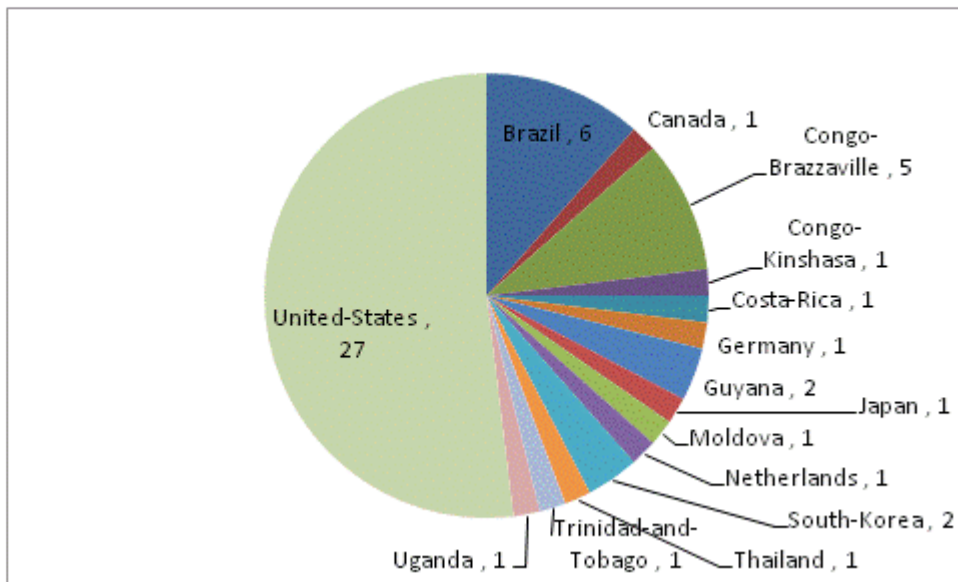

1. If you read answers to some questions but remain unclear about what the person is saying, then please send an email requesting clarification to that candidate. (Use the email feature available in OMS.)

ONLINE MATCHING SYSTEM

2. Your email will be read by the other candidate as well as his/her Matching Advisor and your Matching Advisor. (The email you generate in OMS will not reveal your identity and the candidate's reply will not be revealed at this point either.)
3. Asking questions about a profile prior to asking for the release of a Full Profile is a good way to make sure that the Full Profile you are looking at is what you truly were seeking.

May God bless you all,
Sincerely,
Anne-Marie
