Newsletter - March 2021

Dear beloved brothers and sisters,

I have written several articles since my last global newsletter and posted them on the website (under newsletters) but I have not done an "official" newsletter for a while so, that is why this one is coming to your electronic mailbox. I hope you will read it and it will lift up your heart and soul.

With gratitude, always,
Anne-Marie

The heart of OMS

"The Blessing ceremony is not merely the marriage rite of a particular religious organization. It is the ceremony to give new life to a sick humanity, restoring the order of love and saving families from crisis." True Father - PHG Book 5, page 46

Back in 2011, when the mail came to tell me that someone from Afghanistan had just

registered on OMS, my mouth dropped open and did not close for a while. I was amazed. OMS was barely a year old and most people who registered then were from North America and occasionally from Europe. Many months later, it was Vietnam, and Pakistan, and others.

Though, when creating OMS, I was hoping to be able to reach the end of the world, when it happened, I was amazed.

Tears are flowing down my cheeks. I cannot express in words the feeling of being able to reach individuals in places where political and religious conflicts are affecting the population so heavily. Even in these countries, God is present. True Parents are present. Unificationists are present. And individuals, with all of their heart and mind are seeking the Blessing.

Once, two gentlemen, one from Congo-Brazzaville, the other from Congo-Kinshasa, rival countries and yet both, with the same heart – seeking the Blessing from our True Parents.

My husband, once, told me that my work with OMS was giving him spiritual life. I understand, as it does to me too. It is not just another application; it is a way to reach the unreachable. It is a way for God to tell each and every one of us, I am here, I am not forgetting you. We will have a peaceful world, someday, I promise you, we will.

I think of the future

As our tribal messiah work grows and blossoms, OMS can serve the children and the single members connected to tribes. OMS has been a solution for singles to meet each other in a healthy and heavenly environment, and will continue to do so.

One day we will have thousands if not millions of individuals seeking the Marriage-Blessing of our True Parents. How will we be able to make sure that they can have access to a pool of candidates, not just from their immediate geographical area, but from the whole world?

The platform will have to follow heavenly ethics. The platform will have to be safe – meaning, no one should have to worry about posting a decent profile, online. The profile will have to be true – no lies please – How can this happen? With dedicated volunteers and parents. The ratio today is 93 active MS for 208 active Candidates (OMS data only), that means an average of 2 to 3 Candidates per MS.

I visualized OMS having 100,000+ active candidates at any one time. MS in the future will not be able to do the heavy searching that they do today. It will not be possible. Searching will be done by the candidates themselves and their support teams. It can only be done if OMS abide by Heavenly Principles and therefore be trusted by the BFDs worldwide, the candidates, and their support team, and OMS must always be an efficient application.

Some stats.
