

Dear Everyone,

It has been a long time since I actually sent a newsletter. Yes, I did post on the [Facebook page](#), but no newsletter. I think it is time to update you on what is going on with the Online Matching System platform and [Cheon Il Guk Incorporated](#).

Throughout the last 13+ years, we have had a consistent flow of new Applicants, who bit by bit, became Candidates. In the last couple of years, we have had a good increase of Blessed Children join the platform. We are still missing the Affiliates, even though I do have a portal setup for them. They are slow in coming in. It is going to be a focus of mine this year to connect with ACLC and WFWPU so that they can help their singles to also reach the Marriage-Blessing.

The stats are as follows:

The Online Matching System was created for the purpose of giving you an additional way of finding your Heavenly Spouse. You do have other resources. However, remember, that the most important resource to find your Heavenly Spouse is **you**, no one else.

- **Believe** in yourself – don't be a defeatist
- **Trust** your own instinct –
- Have an active Matching **Team** –
- Dedicate **time**, every week, even if it is only 1 hour per week – Don't put it on the back burner, it is already too crowded.
- Understand and practice what **True Love** is, including towards yourself.

Do not forget to connect with the BFM (Christian Nseka, John Abelseth, and your MS) or OMS staff (me, myself, and I, at the moment)

Practical issues:**Cheon Il Guk Incorporated is looking for individuals with the following skills:**

- One person to handle servers
- One person willing to handle the programming part of the application
- One person for customer care of OMS
- One person for all Administrative functions

Fundraising is not my forte, however, it needs to be done. I am grateful for every one of my donors. To have OMS fulfill its full potential I am going to need extra help.

With gratitude, always.

Words of wisdom and love:

What will you do in your life? Leave a tomb of love behind. Let us leave a tomb of love behind! If you live inside a tomb of love, you will feel no bitter sorrow. You may get tired of living in a place like a tomb, but will feel no bitter sorrow if you live in love. If we leave a tomb of love behind in our lifetime, our life will be a success for eternity. If you live like that and die, God will bring His sons and daughters to welcome you in the spirit world. If there's no ring on your hand, God will put a diamond ring of the Kingdom of Heaven on your finger. If you're not well-dressed, God will dress you in the richest apparel fit for the royalty of the Kingdom of Heaven.

<9.286> That is the moral judgment of the last days. When God judges our moral standard, he does not say, "How many years did you believe in me? How many churches did you build?" Even if there were thousands and tens of thousands, that is not the point. The ultimate point is heart. *Rev. Sun Myung Moon*

The beating heart of God

Take care everyone,
With gratitude, always,
